

# **Travel Grant**

## **2023 Prospectus - Terms and Conditions**

### **Purpose**

The Travel Grant aims to support Jersey athletes who are performing at a level where they demonstrate the potential to develop the skills and behaviours of their sport to a national standard\* or above, and who need to attend higher-level off-island training or competition to progress.

The fund is limited to focus on supporting young athletes, disabled athletes, senior performance athletes, and their relevant chaperones.

Jersey athletes incur significant costs travelling to and from the island. The travel grant fund aims to support Jersey athletes with financial assistance towards these travel costs.

\*National standard means athletes competing in their sport to a national level, as defined by each National Governing Body or World Federation. Depending on the structure of the sport, national standard athletes can be selected to represent their nation, or top teams, at major events, leagues or competitions. Athletes can represent their sport to a national standard in age-group as well as gender-group categories. An example of a national standard could be an athlete who is selected to represent Jersey, England, the United Kingdom, Great Britain or equivalent. Sports that do not feed into the structures of the Home Nations where Jersey is represented as a Nation should have athletes who are internationally competitive to meet this standard.

### **Criteria for 2023 Travel Grant**

Activities will be considered where the following four criteria are met:

1. Applicant sport organisations should be eligible (see section below)
2. Supported activities should be of a higher level of training or competition than is available on-island.
3. Travel directly from and to Jersey is supported, for Jersey athletes.  
Please note: annual inter-insular events do not qualify for travel grant funding due to the scale of activities and potential to dilute the funds, but this does not exclude all events in Guernsey if the other criteria is met.
4. Supported athletes are either:

- a. **Under the age of 24** (at the time of the event) who are showing potential to develop the skills and behaviours of their sport to a regional or national standard, or are already competing at this level. In order to do this, they need to attend higher-level off-island training or competition to progress.
- b. **Disabled athletes of any age competing off-island.** This can include inter-insular events.
- c. **24 years old and above** who are representing Jersey or Great Britain to compete at International or World level events, as part of a nationally selected squad.

## **Weighting/ Prioritisation**

Grant allocations **may be** weighted based on the following priority order:

1. **Athletes on a recognised GB or national programme** (e.g. UK/ England age group squad, British team or Jersey performance athletes competing at the highest level in their sport where Jersey is not part of the UK/ English structure)
2. Athletes on a **recognised regional programme** (e.g. South West England age group squad or team)
3. Athletes on a Jersey or C.I. talent pathway
